DEPARTMENT OF THE AIR FORCE  
WASHINGTON

OFFICE OF THE SECRETARY

Dear Mrs. [REDACTED]

Attached is FTD Form 164 which is used for reporting observations of unidentified flying objects to the Air Force. In order for the Air Force to evaluate these reports, this form should be completed as fully as possible and returned to this office.

Sincerely,

*Sara Hunt*

October 1, 1965 -

Defense Dept.  
Washington, D. C.

Dear Sirs:

What is the official word, out  
of Washington, concerning U.F.O.'s?

On Sept. 14, at 7:45 P.M., I  
saw aircraft which was unlike  
anything that the general public  
is aware of.

It was oval shaped, silver in color,  
and had beams of white light  
extending out in all directions.

This was witnessed by 3 other  
people, to my knowledge. One  
was a police officer. Please  
give me a reply. I'm very  
concerned. Sincerely,

*Mr. [Redacted]*

Our Force

9-18  
September 15, 1965

Dear Mr. President,

I am very sorry to bother you, but I am extremely concerned over what I saw in the sky last night.

Three, round, illuminated objects flew low over our community. I can assure you, Mr. President, that they, most certainly, were not airplanes. I can never, again, doubt the existence of these objects.

It is very disturbing to me that no one seems to take these things seriously, until they have witnessed it for themselves.

Mr. President, I don't assume to tell you what you should or should not do, but I believe the nation and the world needs to know what we are up against.

Please give me a reply.

Honestly and sincerely,

Mrs. [REDACTED]

Dear Mrs. [REDACTED]

The President has asked that I reply to your letter regarding unidentified flying objects.

The investigation of unidentified flying objects reported in the skies over the United States is the responsibility of the Air Force. The name of this project is Blue Book. I am enclosing a copy of the current report on this project.

In 18 years of investigating over 9000 reports of unidentified flying objects, the evidence has proved almost conclusively that reported serial phenomena have been objects either created and sent aloft by man, generated by atmospheric conditions, or caused by celestial bodies or the residue of meteoric activity.

The Air Force will continue to investigate all reports of unusual serial phenomena over the United States. The evaluations and conclusions reached by the Air Force will be released to the public.

If you wish to report your sighting to the Air Force, you may do so by completing the attached form as fully as possible and return it to the following address:

Mr. DEAF (SAF-01CC)

Pentagon

Washington, D. C. 20330

Sincerely,
